Pro Visual Studio 2005 Team System (Paperback)

By Jeff Levinson, David Nelson

Springer-Verlag Berlin and Heidelberg GmbH Co. KG, Germany, 2006. Paperback. Condition: New. Language: English . Brand New Book. It is clear that Visual Studio Team System is the future of development from Microsoft s perspective. We agree. Development is no longer a personal pursuit by one developer in a darkened room; it is a collective effort by a team of peers. VSTS supports this broader vision by providing a complete collaboration platform for the entire project team. VSTS takes a services-oriented approach leveraging Windows Sharepoint Services and SQL Server Business Intelligence Suite. Additionally, VSTS brings the lifecycle to life by making it part of the integrated suite. This book will guide you through the entire breadth of VSTS. If you are a stakeholder, you have a portal that gives you instant access to project documents, status, and performance indicators. If you are primarily a project manager, you will learn how create, manage, and assess the team performance. As VSTS is integrated with MS Office, you can quickly assign tasks and gather work status. With reporting from the data warehouse you get real-time view of all project metrics. If you are a developer, you will learn how to write higher-quality code,...
